

Experience

iOS Engineer | BRD - Groupe Societe Generale

May 2025 - Sep 2025 | Remote

- Designed and implemented secure authentication and transaction flows using Swift, SwiftUI and REST APIs, ensuring compliance with banking security standards and a smooth user experience.
- Collaborated closely with backend and product teams to align mobile features with compliance requirements, contributing to improved stability and performance of customer-facing flows.

iOS Engineer Intern | Glovo

May 2024 - Apr 2025 | Remote

- Worked with product managers, designers and backend engineers to integrate REST APIs and implement modular MVVM architecture for delivery features.
- Reduced feature delivery time by 20 % through streamlined development workflows

iOS Developer | Upwork

May 2022 - Feb 2025 | UK / Remote

- Developed and maintained iOS applications for 12+ clients in e-commerce, finance and retail sectors using Swift, SwiftUI, MVVM, Core Data, and SwiftData
- Designed intuitive interfaces following Apple's Human Interface Guidelines, increasing user engagement by up to 25 %, and integrated REST APIs for reliable data synchronization and offline capabilities.

Education

Apple Developer Academy | Michigan State University

Aug 2025 - June 2026

BSc Computer Science | University of Greenwich

Sep 2022 - Jun 2025
